General Statement of Policy**

The management of Aquabio Limited regard the promotion of Health and safety and welfare measures as a mutual objective for the company and its employees at all levels. The prime responsibility for safe operation and place of work rests clearly upon all sections of management.

The company is fully committed to give the highest priority to safeguarding the safety and health of employees and all who may be associated with the activities of Aquabio Limited.

The company believes that prevention of accidents and damage to property is an essential part of its management philosophy.

Every effort is made to ensure compliance with our statutory obligations including the relevant approved codes of practice and guidance notes in order to provide a healthy, safe environment.

The company will ensure, so far as is reasonably practicable, safe places and systems of work, safe plant and machinery, safe handling of materials and the provision of adequate safety equipment. It will also ensure that adequate information, instruction, training and supervision are given.

The formal responsibilities and accountabilities of management and individual employees are detailed in the Health and Safety Policy.

The policy will be kept up to date, particularly as the business changes in nature and size. To ensure this, the policy and the way in which it has operated will be reviewed every year.
